

General Aviation

Catlin is a global provider of Aviation insurance and risk management services operating on several platforms around the world and supporting a wide array of aviation related clients. We participate in the U.S. General Aviation marketplace through an exclusive partnership with W. Brown & Associates Insurance Services (WBAIS) of Irvine, California. WBAIS, acting as our Managing General Underwriter, provides us a highly experienced underwriting team along with a total dedication to this highly specialized area of the insurance marketplace.

WBAIS can provide a market for Quota Share as well as 100% placements for Aircraft Hull and Liability; Airport Liability; Aviation CGL; Non-owned Aircraft Liability and Aviation Products Liability.

WBAIS maintains a production network of roughly 600 authorized brokers but all licensed brokers are invited to contact us to discuss making new submissions. Such brokers will either be offered an appointment of their own or may be referred to an intermediary firm as necessary.

Coverage is primarily offered on an admitted basis through Catlin Insurance Company, Inc. but Catlin Specialty Insurance Company support is also available where a non-admitted approach is appropriate for the risk. These companies have been assigned a rating "A" (Excellent) XV by A.M. Best and "A" (Strong) by Standard and Poor's.
